

Mt. Tabor Boarding & Grooming
Vaccine Policy

Mt. Tabor Boarding & Grooming wants to provide a safe and caring environment for your pet. Our vaccine policy helps to provide that safe place.

Dogs MUST be current with:

- Rabies- 1 or 3 year
- Distemper Parvo- 1 or 3 year
- Bordetella (canine cough)- every 6 months

MTBG requires Bordetella be updated every 6 months due to various vaccines, number of strains of Bordetella, and inconsistent data on length of time effective.

A release for Distemper Parvo vaccine will be accepted under the following conditions

- Veterinary release- preferred method
- Owner release- due to extreme age, chemotherapy, or medical condition

*Owner must sign a release form.

Cats MUST be current with:

- Rabies- 1 or 3 year
- Feline Panleukopenia, calici, rhinotracheitis, clamydia psittaci (commonly know as feline distemper 1 or 3 yrs.)

A release for Feline Distemper will be accepted under the same conditions as dogs.

Feline & Canine Distemper is the ONLY vaccine accepted for release.

Dogs must be current for Rabies and Bordetella.

Cats must be current for Rabies.
